I am a hardworking individual who strives to accomplish work to the best of my ability. I can work well in teams and individually as well as being able to fit into new environments. I also have a very passionate attitude towards my work and enjoy learning which allows me to build new skills. I am looking for an opportunity where I can build up my communication skills and demonstrate my ability to work effectively as part of a motivated and driven team

- English Grade 5
- Maths Grade 4
- Science Grade 4
- Design Technology Grade 4
- IT Distinction

Achievements

2020-2021

Perfect attendance award

Interests

I am very interested in keeping active and fit hence I enjoy regularly attending the gym and working out. This keeps me in a routine and instills a sense of discipline which encourages me to stay dedicated, ultimately allowing me to see visible results. I also enjoy sports activities such as swimming and cycling which keeps me focused and motivated. Being outdoors is a passion of mine, with adventuring in particular being something that brings excitement and enjoyment to my daily life as I get the chance to learn and experience new things.

Work experience

Mcdonalds Crew member (May 2022-March 2023)

Mcdonalds Strand WC2N

While working as a crew member in mcdonalds my role consisted of:

- Operating the cash register with precision, ensuring accurate transactions and providing excellent customer service
- Maintaining the cleanliness and hygiene of the restaurant by carrying out routine cleaning
- Collaborating with team members to ensure smooth operations during busy shifts and effectively meeting customer demands.
- Adapting to changing work conditions and responsibilities, showcasing flexibility and a strong ability to multitask.
- Assisting customers by addressing their inquiries, concerns, and special requests, enhancing their overall dining experience.
- preparing a wide range of drinks and desserts, adhering to strict quality and safety standards.

Fujitsu work experience program (July 2022-August 2022)

From this work experience program at Fujitsu i was able to

- Enhance my understanding of cutting-edge technologies, including quantum computing and its potential applications.
- Collaborate with experts in the field to explore the practical implications and limitations of quantum computing in real-world scenarios.
- Develop a comprehensive understanding of the Internet of Things (IoT) and its role in creating interconnected systems and devices.
- Improve my problem-solving and critical thinking abilities by working on complex technological challenges.
- Develop a strong work ethic, attention to detail, and a commitment to delivering high-quality results in a professional environment.

Skills

- Highly organized
- Ability to work well under pressure and meet deadlines

- Excellent time management skills
- Adapt well in new environments
- Work well in a team
